

END OF LIFE NOTIFICATION

Bertin EnviroNics System Components

Dear Valued Customer,

Bertin EnviroNics is committed to providing our customers with cost-effective products utilizing state-of-the-art technology. To keep up with this commitment, we have launched a new CBRN monitoring system, X-System, and are announcing that following system components and all their relevant accessories have reached the end of their life cycle and will be phased out of production during the year 2023:

ChemProDM (All models):

E07852000 ChemProDM, Detector Module, Am-241

Suggested replacement: E15255000 ChemProX-DS, Detection System Compatible Chemical Detector

E08547000 ChemProDM, Detector Module, Ni-63

Suggested replacement: E15255000 ChemProX-DS, Detection System Compatible Chemical Detector

E08738000 ChemProDM EC, Detector Module, Am-241

Suggested replacement: E15255000 ChemProX-DS, Detection System Compatible Chemical Detector

ChemProFXi (All models):

E07432000 ChemProFXi, Fixed Chemical Detector, Am-241

Suggested replacement: E15255000 ChemProX-DS, Detection System Compatible Chemical Detector

E08944000 ChemProFXi, Fixed Chemical Detector, Ni-63

Suggested replacement: E15255000 ChemProX-DS, Detection System Compatible Chemical Detector

E08561000 ChemProFXi DC, Fixed Chemical Detector, Am-241

Suggested replacement: E15255000 ChemProX-DS, Detection System Compatible Chemical Detector

E13498000 ChemProFXi DC, Fixed Chemical Detector, Ni-63

Suggested replacement: E15255000 ChemProX-DS, Detection System Compatible Chemical Detector

Master Module (All models):**E10360000 – E10371000, Master Module, Data Processing Unit**

Suggested replacement: E15255000 ChemProX-DS, Detection System Compatible Chemical Detector

E11917000 Master Module, Rugged Data Processing Unit, Grey, RAL7035

Suggested replacement: E15255000 ChemProX-DS, Detection System Compatible Chemical Detector

E11918000 Master Module, Rugged Data Processing Unit, Grey, AN22

Suggested replacement: E15255000 ChemProX-DS, Detection System Compatible Chemical Detector

Accessories (including but not limited to):**E07322000 ChemPro RAU, Alarm Unit**

Suggested replacement: E15255000 ChemProX-DS, Detection System Compatible Chemical Detector

E06549000 Radiation Detection Module, For Vehicle Use

Suggested replacement: E15387000 RanidX, System Compatible Radiation Detector

E11443000 Alarm Unit, With Reset button

Suggested replacement: E15418000 Alarm Unit, X-System

New orders for the mentioned products will be accepted until the end of December 2023. We will do our best to accommodate all orders placed before this deadline, but please be informed that our ability to fulfil orders relies on component availability. We will not accept new orders for any of these products after 31st of December 2023.

Consumables, spare parts, and maintenance support will be available until the end of 2028 excl. separate commitments & agreements which will be honored as agreed.

If you would like to receive more information, place a last-time-buy order, or hear more about our new CBRN system components, please feel free to contact us!

in Mikkeli 21st of August 2023
